

JCWSCS 01 JUN 2004

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE**

In re Application of:  
YARON MAYER

Serial No. 10/775,027

Filed: Feb. 8, 2004

For: System and method for improving the efficiency, comfort, and/or reliability in Operating Systems, such as for example Windows.

**Preliminary amendment, and submission of substitute declaration.**

I am hereby attaching a corrected declaration which indicates the number of the Canadian application which was not known at the time of filing.

In addition, please amend the above-identified application to indicate the number of this Canadian application:

**In the title page****Please correct the 2<sup>nd</sup> paragraph, which was:**

"This patent application also claims priority from Canadian application 2,444,685 of Sep. 29, 2003 and from Canadian application (number not known yet) of Jan. 6, 2004, hereby incorporated by reference in their entireties".

**Please insert instead the following corrected paragraph:**

"This patent application also claims priority from Canadian application 2,444,685 of Sep. 29, 2003 and from Canadian application 2,457,957 of Jan. 6, 2004, hereby incorporated by reference in their entireties".

Thank you very much,

Yaron Mayer
